

How To: Install Microsoft Project from Azure for NSCC Students

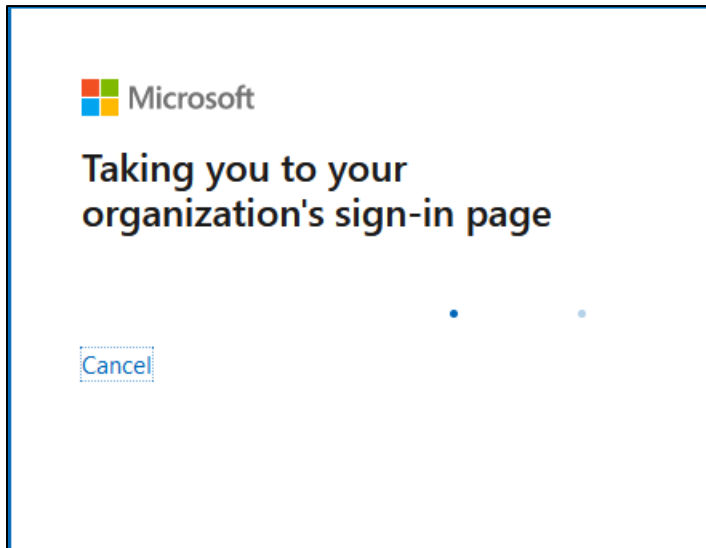

Enter **<https://portal.azure.com/>** into the address bar of your web browser, and hit the Enter key on your keyboard (or, simply click on the following link: <https://portal.azure.com/>):

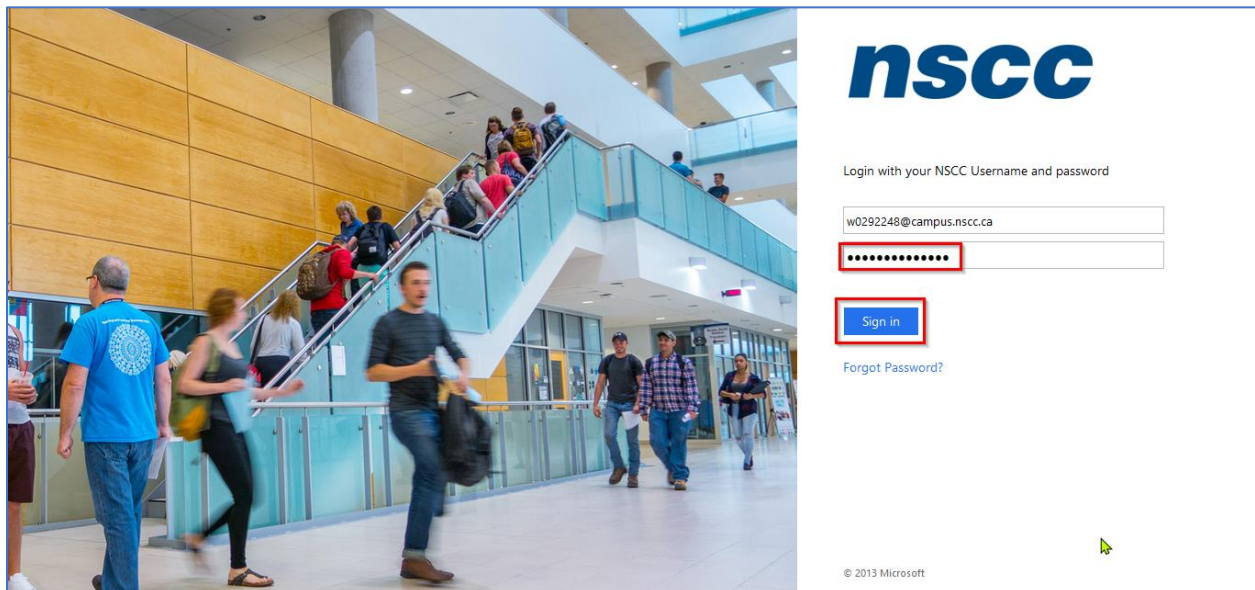

Click on your student account:

Wait for your browser to take you to your organization's sign-in page:

Enter your password, then click **Sign in**:

Optional: select whether to stay signed in or not:

w0292248@campus.nsc.ca

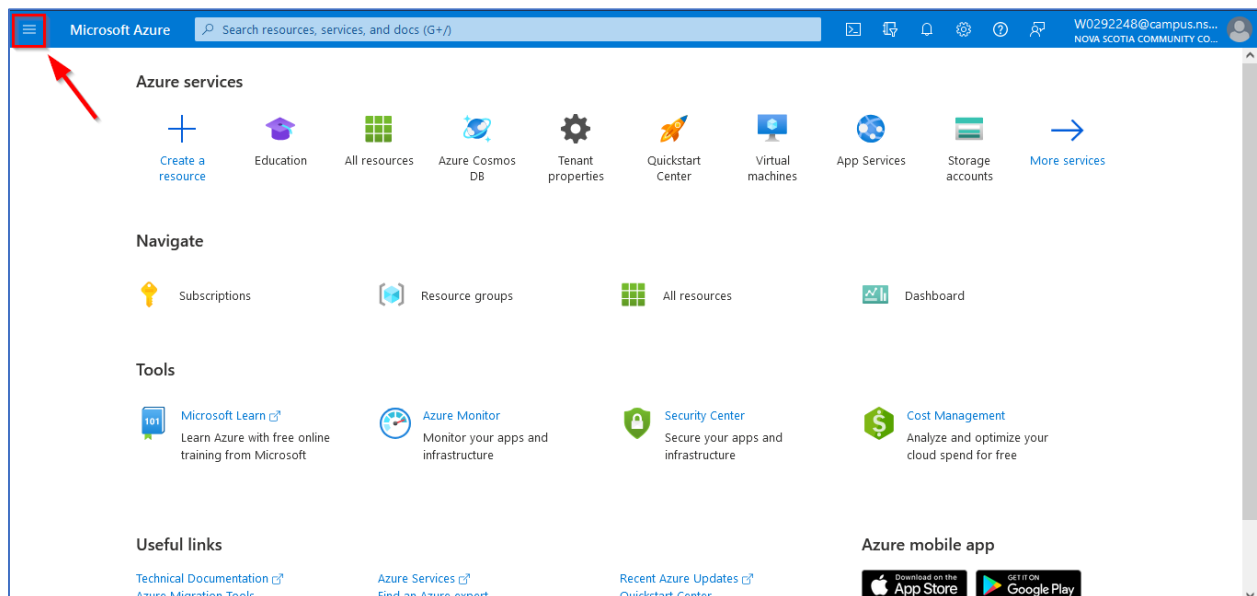

Stay signed in?

Do this to reduce the number of times you are asked to sign in.

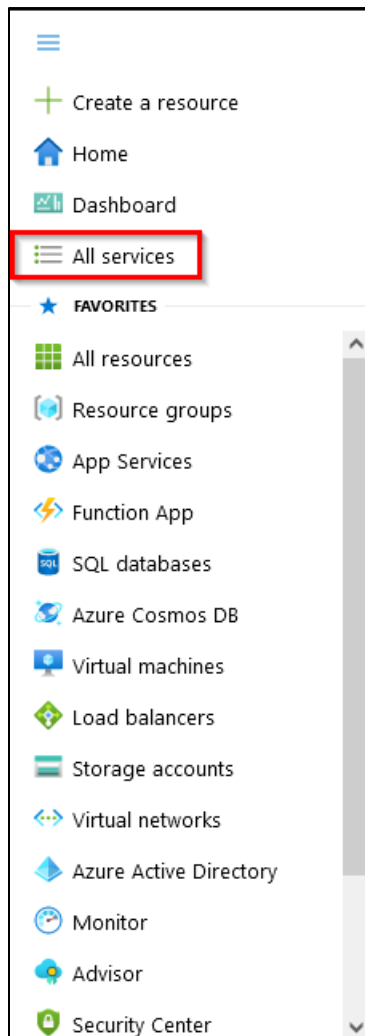

☐ Don't show this again

NoYes

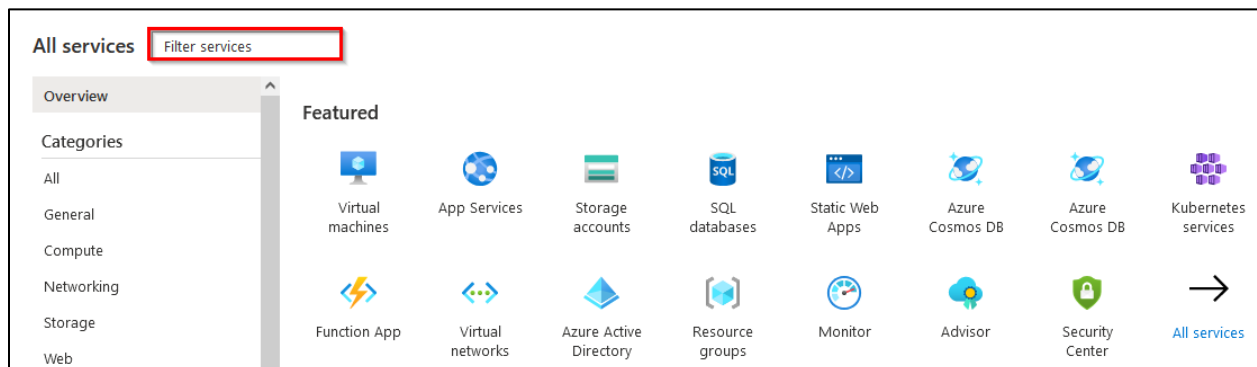

Click the three horizontal lines (“hamburger menu”) in the top left corner:

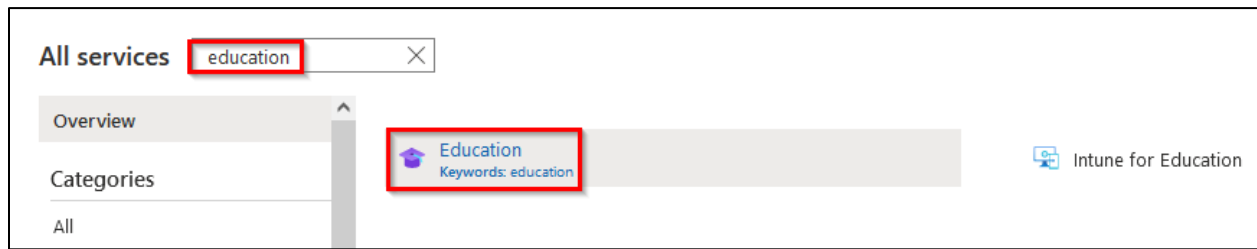

In the drop-down menu that appears, click **All services**:

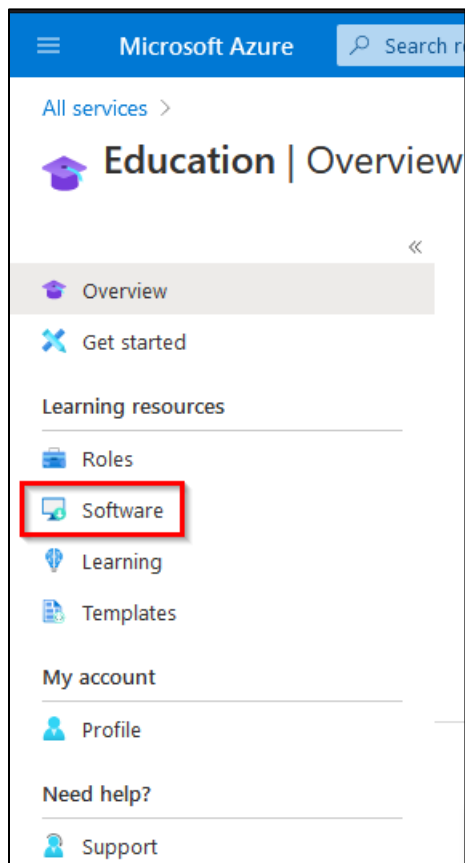

Click the box labelled “*Filter services*”:

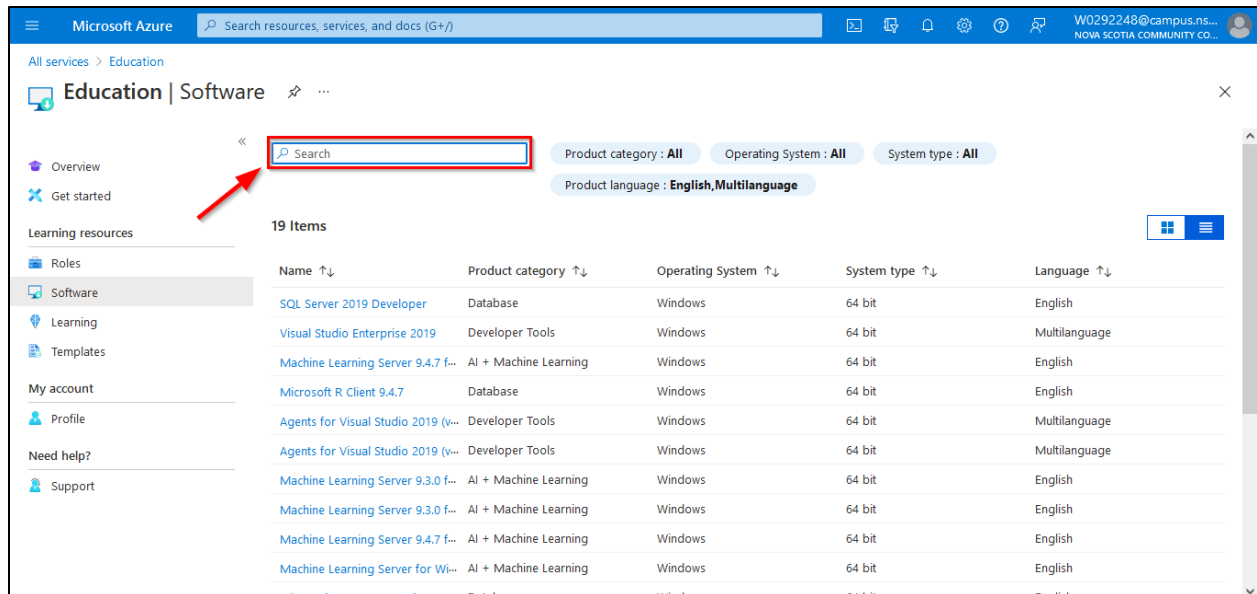

Type “*education*” into the box, then click the **Education** icon that appears:

In the left-hand menu, click **Software**:

Click the box labelled “Search”:

Microsoft Azure Search resources, services, and docs (G+)

In the window that opens on the right-hand side, click **View Key**:

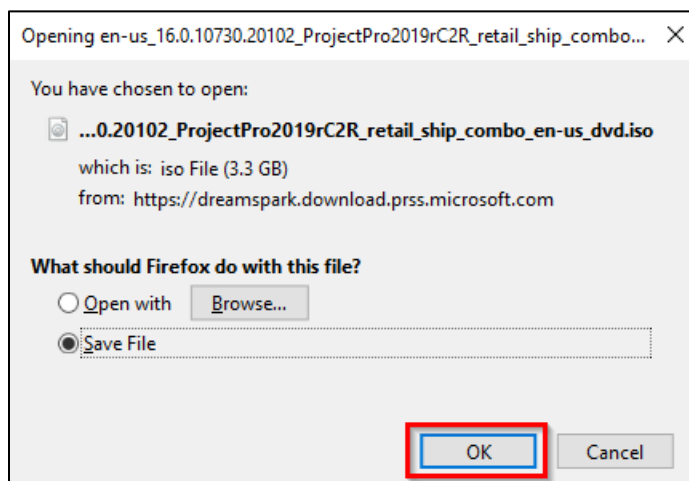

Copy or save the 25-character Product key shown and store in somewhere safe for later:

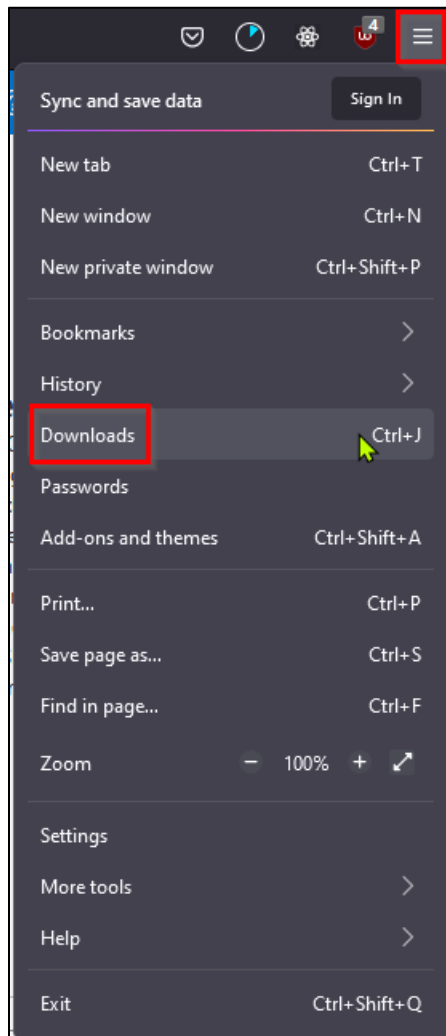

Click **Download**:

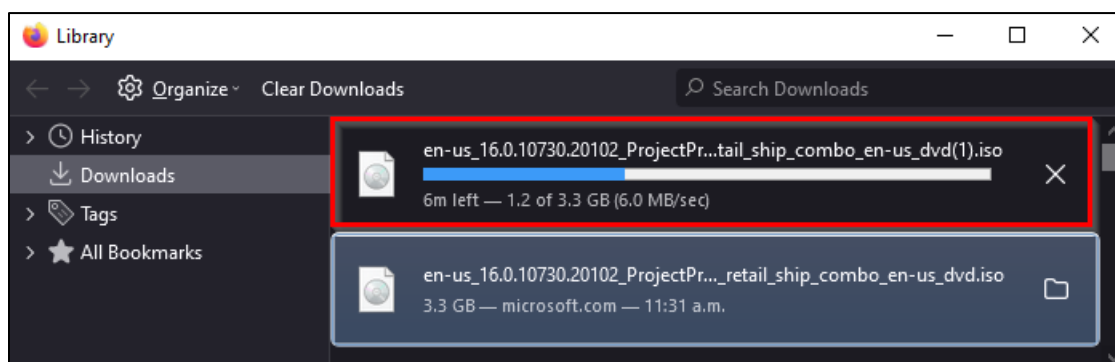

In the window that opens, click **OK**:

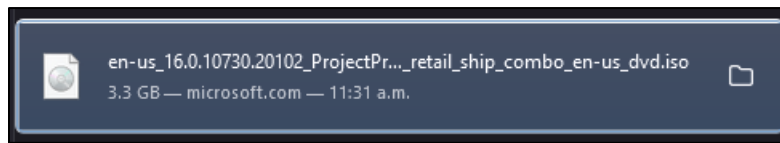

View the status of your download(s) in the FireFox web browser by clicking the three horizontal lines in the top right corner. Then, click **Downloads** in the drop-down menu:

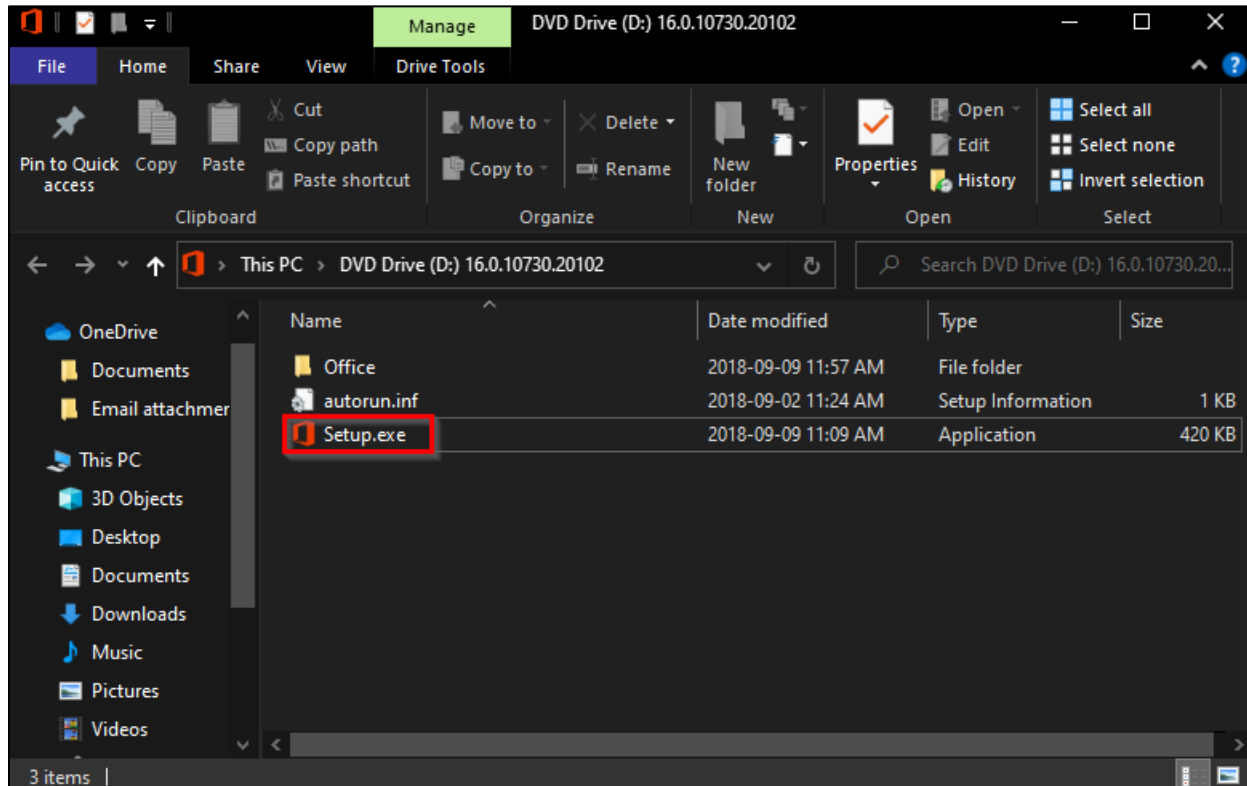

The following window will open:

Once your download has completed, double-click it:

In the new window that opens, click **Setup.exe** to open the installer:

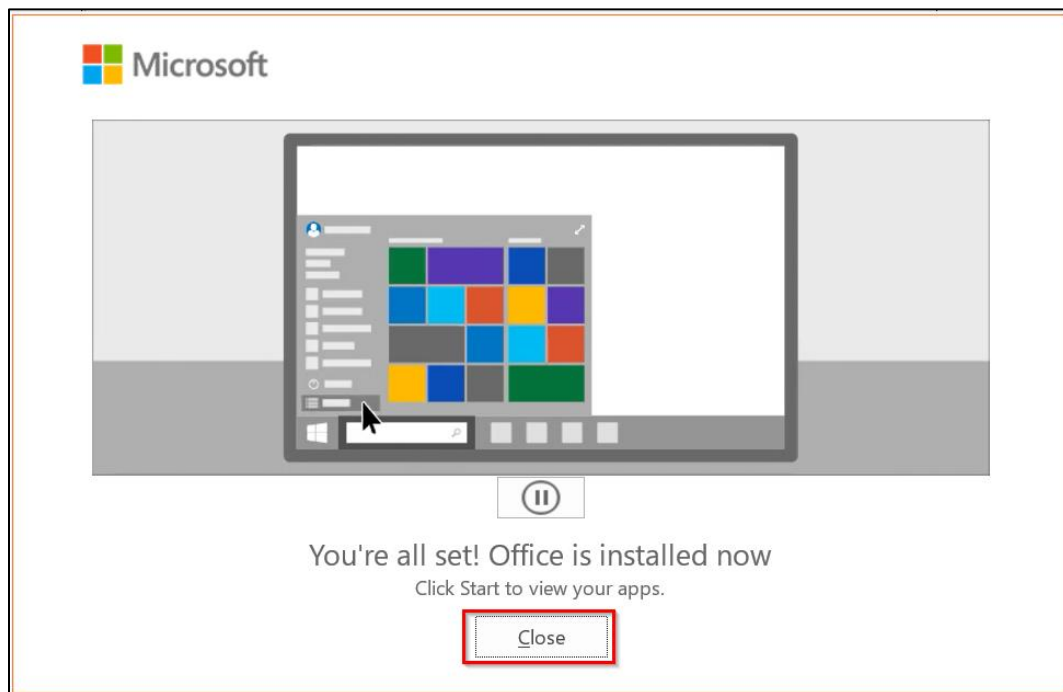

Note: Immediately after you double-click Setup.exe, a pop-up will appear asking you if you would like to allow the software to make changes to your computer. Click **Yes** to begin the install.

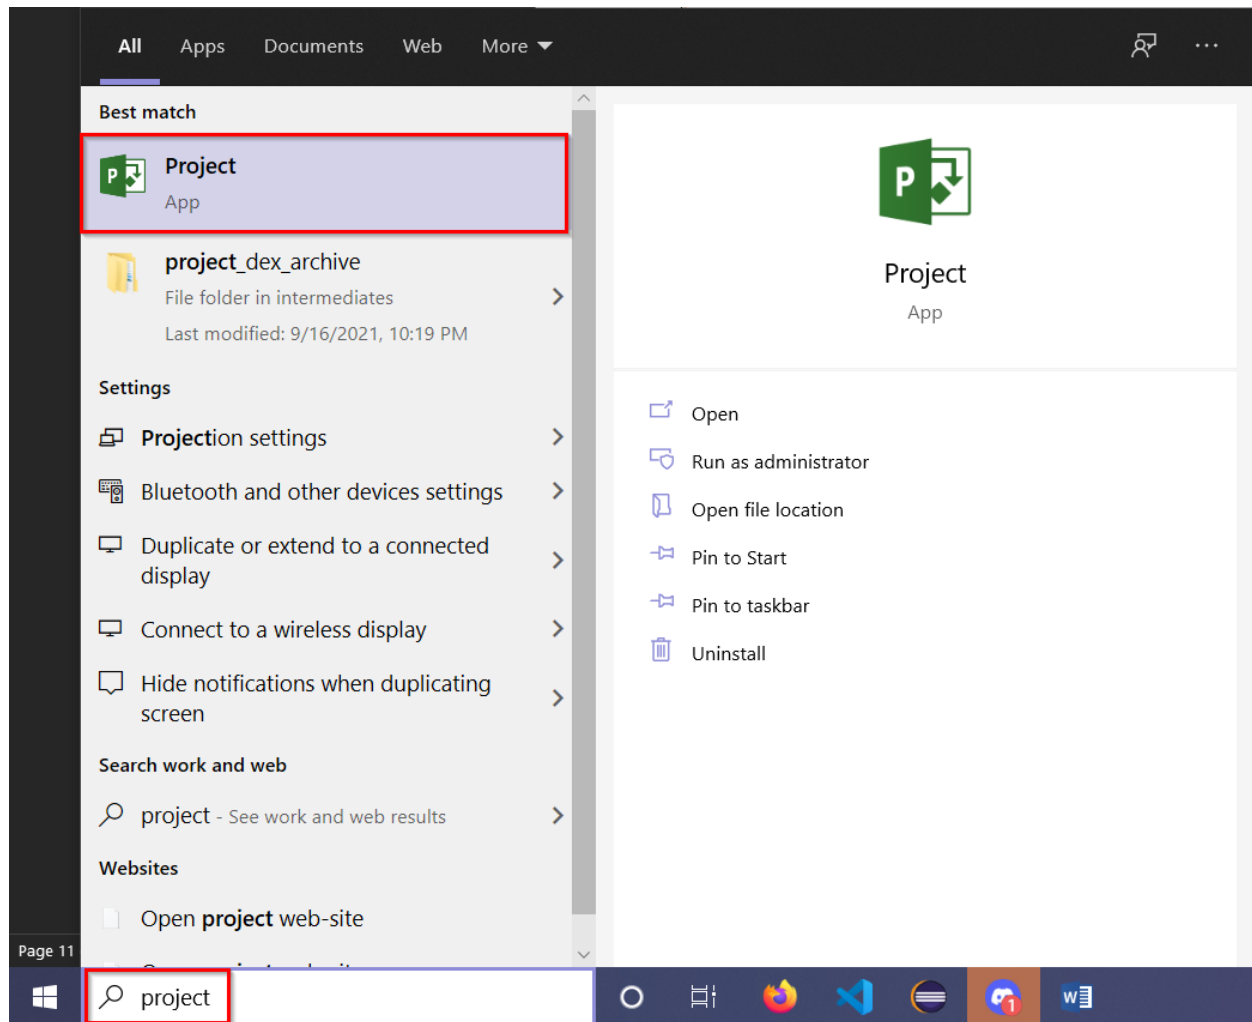

The install will begin:

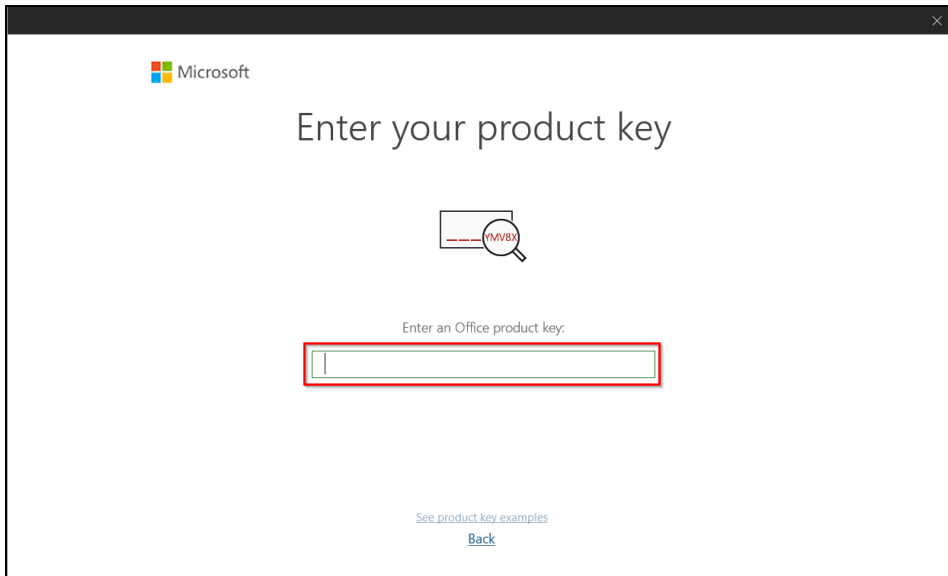

Once the install has completed, click **Close**:

Type “*project*” into the Windows search bar, then click the **Project** icon when it appears:

Type in the 25-character Product key you copied/saved from earlier:

A screenshot of a Microsoft Office activation window. The window has a black title bar with a close button. The Microsoft logo is in the top left. The main text reads "Enter your product key". Below this is an icon of a document with a magnifying glass over it, with "FMBX" written on the document. Underneath the icon is the text "Enter an Office product key:" followed by a text input field. At the bottom, there is a link "See product key examples" and a "Back" button.

Microsoft

Enter your product key

Enter an Office product key:

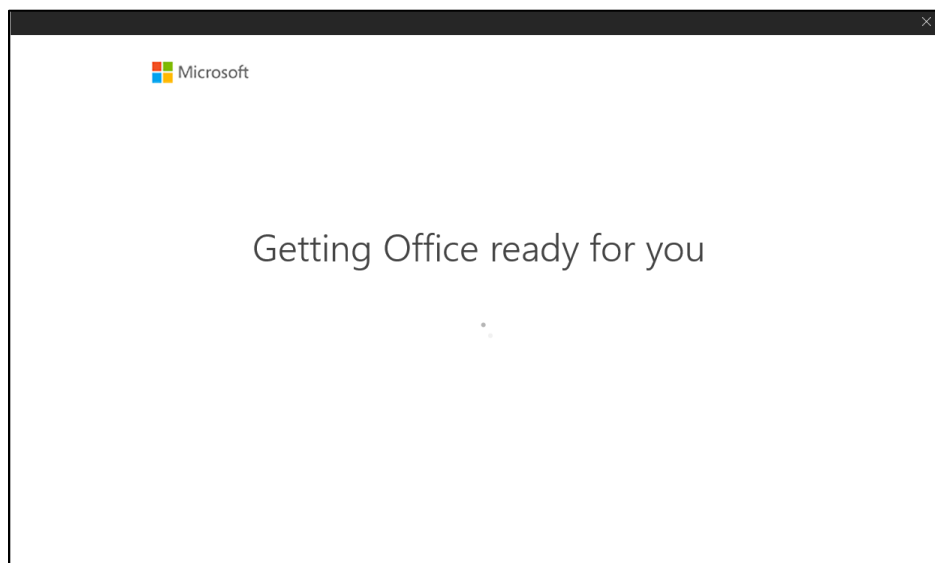

[See product key examples](#)

[Back](#)

Click **Activate Office**:

Activate Office

Wait for MS Project to load:

Install successful! You are now ready to create your first project:
